Resurfacing Project on Chicago Street from Manhattan Road to Doris Avenue

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daily lane closures will take place on Chicago Street (Illinois 53) from Manhattan Road to Doris Avenue, in Joliet and Elwood, for a resurfacing project, beginning, weather permitting, Wednesday, July 19.

In order to complete the work, daytime lane closures will take place in both directions at various locations along Chicago Street between Manhattan Road and Doris Avenue. At least one lane in each direction will remain open while construction activities are taking place.

The scope of project includes reconstruction and resurfacing of the roadway and shoulders. The project is expected to be completed in Fall 2017.

Motorists can expect delays and should seek alternate routes through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
